EDITION #12

## From the Principal's Desk

The School's culture has a powerful impact on its performance. Culture is the glue that binds the School community together and it is the biggest differentiator. Our School Vision echoes this belief: 'GEMS Millennium School will provide a happy and inspiring learning environment that helps all students to realise their full potential, succeed in their chosen field and make valuable contributions to the community'.

We are a learning community dedicated to seeing our vision become a reality for every single one of our students. Our students are the best – they are readers, writers, poets, artists, athletes, scientists, mathematicians, musicians, explorers, learners and friends. We believe that students need opportunities to be passionate, debate, develop a sense of self-control, have real-world challenges, and share responsibility for each other. Our mission is to provide a collaborative learning community to ensure that every student achieves success and develops a fundamental joy of learning.

We track the successes of our students very closely and celebrate their many accomplishments. It is with deep pride that we applaud the winners of Term 1.

NAME OF THE STUDENT	CLASS/SEC	NAME OF THE COMPETITION	POSITION SECURED

Our students and their many achievements reflect what our School truly stands for. We use every resource, advantage and opportunity to grow our students. It is important to us that we do not make empty promises, create misleading mission statements, or sway our parents and students with jargon. We always strive to be transparent and authentic in all that we do and say.

We sincerely thank our parents, students and staff for the solid support we have always received. We look forward to another brilliant year that takes our students to even greater heights.

## PARENTING TIPS

JANUARY 1, 2021

EDITION #12

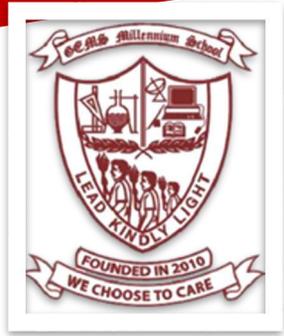

### Be Available for your Children

- Notice times when your kids are most likely to talk — for example, at bedtime, before dinner, in the car - and be available.
- Start the conversation; it lets your kids know you care about what's happening in their lives.
- Find time each week for a one-on-one activity with each child, and avoid scheduling other activities during that time.
- Learn about your children's interests - for example, favourite music and activities — and show interest in them.
- Initiate conversations by sharing what you have been thinking about rather than beginning a conversation with a question.

### Let Your Children know you are listening

- When your children are talking about concerns, stop whatever you are doing and listen.
- Express interest in what they are saying without being intrusive.
- Listen to their point of view, even if it's difficult to hear.
- Let them complete their point before you respond.
- Repeat what you heard them say to ensure that you understand them correctly
